

Conventional Smoke Detector
Model: 55000-226IMC

Features

- Average stand -by current at 24V: 45uA
- Alarm Indication: Red LED
- Supply voltage: 9 to 33V
- Alarm Current at 9V: 17mA
- Alarm Current at 24V: 52mA
- Flashing LED and magnet operated test switch option

Supply voltage	17 to 28 Volts DC
Quiescent current	340μA average, 600μA peak surge current at 1mA
Operating Temperature	-20°C to +60°C
alarm indicator	Clear LED emitting red light
Sensitivity	Nominal threshold of 2.4% light grey smoke obscuration per metre
Humidity	0% to 95% relative humidity
Dimensions (Diameter x Height)	100 x 42 mm (Detector) 100 x 50 mm (Detector in Base)
Weight	105g (Detector) 157g (Detector in Base)

Exclusive Distributon in Bangladesh
