

Conventional Sounder

Features

- Available in ABS Or polycarbonate
- Adjustable volume control screw
- Wide angle uniform sound distribution
- Full EN54 compliance

Available	ABS or polycarbonate
Capable of generating	(100 dBA at 13mA 24VDC)
A wide voltage range of	8 to 28V DC
Sounder synchronization	Automatic
Current consumption	Low
On-board selectable tones	4
Performance	High reliability and stable

Exclusive Distributon in Bangladesh
