

**DSP106II 10W Wall Mount Speaker**

**Features**

- With multiple terminals, suitable for different occasions.
- Equipped with hanging holes for convenient installation.
- High-quality engineering plastic injection molding, durable, no deformation, no fading
- Adopt damping treatment for the speaker, with long service life, high sensitivity, clear and bright sound.

Model	DSP106II
Speaker Unit	6.5?×1, 2?×1
Rated Power	10W
Line Voltage	70/100V
Sensitivity(1M,1W)	92±2dB
Max SPL(1M)	100±2dB
Effective Frequency Range	160Hz-18kHz
Weight	1.75kg

**Exclusive Distributon in Bangladesh**
